ITAÚSA INTEGRATES B3'S ESG INDEXES IN 2024

ITAÚSA S.A. ("Itaúsa" or "Company") (B3: ITSA3, ITSA4) is pleased to announce to its stockholders that it has been selected to integrate the portfolios of some B3's indexes for 2024, as follows: Carbon Efficient Index ("ICO2") for the 15th year, Corporate Sustainability Index ("ISE") for the 17th year, Great Place to Work Index ("IGPTW") and Diversity Index ("IDIVERSA") for the 2nd year, and Corporate Governance Index ("IGC") for the 23th year.

- **ICO2** includes companies committed to transparency in their greenhouse gas (GGE) emissions and that are preparing for the transition to a low-carbon economy.
- **ISE** includes companies with the best performance in dimensions that assess corporate sustainability.
- **IGPTW** includes companies certified by the Great Place to Work as having the best workplaces.
- **IDIVERSA** includes companies with the best diversity and inclusion practices, based on a B3-developed methodology.
- **IGC** includes companies with the best corporate governance practices, based on a B3-developed methodology.

The inclusion in these indexes reflects Itaúsa's commitment to values such as ethical business conduct, transparency, compliance, and social, cultural and environmental responsibility. The Company will remain committed to constantly making headway in its ESG (environmental, social and governance) journey, as it aims to act as an agent of change to build up businesses that create value and positively impact the sustainable development of Brazil.
