NOTICE TO THE MARKET

ITAÚSA ACHIEVES AGAIN AN A- RATING IN THE CDP INDEX

ITAÚSA S.A. ("Itaúsa" or "Company") (B3: ITSA3, ITSA4) announces to its stockholders and the general market that it achieved again an A- rating in the CDP index ("CDP" or "Institution"), the highest level granted to Itaúsa by the Institution in the Climate Change category.

In the CDP, the A- rating obtained by Itaúsa places it in the select group of global companies recognized for their leadership in the transition to a low-carbon economy.

CDP is an international non-profit organization that analyzes and recognizes the efforts of companies around the world to manage the environmental impacts of their activities and to which Itaúsa has been reporting its practices on climate change since 2011.

This recognition reflects Itaúsa's commitment to ethical conduct in business, transparency, compliance, and social, cultural and environmental responsibility. The Company will remain committed to the continuous improvement of its ESG journey, whose purpose is to act as an agent of transformation to build up businesses that create value and impact Brazil's sustainable development.
